GB | ACOUSTICS

Introducing PetFelt Acoustic Baffles: a blend of clean, minimalist design and exceptional Class A sound absorption performance. These baffles can be effortlessly hung individually using wire suspension kits or precisely CNC tailored to fit standardised slotted channels. Crafted from our durable high-density PetFelt Fibre, they offer both longevity and refined aesthetics.

PetFelt also offers a range of customisation options. Whether you prefer carving, etching, or printing, there's no need for additional finishing touches. And if you have a specific vision in mind, our in-house design team is available to turn your ideas into reality. Elevate your acoustic experience with PetFelt Acoustic Baffles.
